

## Alliance Healthcare & Alloga

### Notice of Planned Relocation of the Central Warehouse

We would like to inform you of an important change regarding our logistics services. As part of our ongoing development and continuous improvement of our processes, we are planning to relocate our central warehouse to a new address. We believe that this step will enable us to ensure more efficient storage, dispatch, and delivery of your orders, thereby further strengthening our mutual cooperation.

The new warehouse will be located in a state-of-the-art logistics facility designed to meet the highest standards of sustainability and energy efficiency, certified under the prestigious international **BREEAM Outstanding** standard. This investment reflects our commitment to operational excellence while reinforcing our long-term responsibility towards environmental sustainability.

#### The new address will be:

Ke Kablu, 102 00 Prague – Dolní Měcholupy.

The exact street name and building number will be communicated once the final approval process has been completed.

The warehouse relocation is scheduled to take place between **April and July 2027**. To ensure continuity of operations, we will inform you promptly should there be any requirement to update your distribution licence. Your contact details, including telephone numbers and email addresses, will remain unchanged.

Further detailed information will be shared throughout the year. The second wave of communication is planned for **May 2026**.

Thank you for your understanding and for your continued cooperation. Should you have any questions, please do not hesitate to contact us. We will be happy to assist you.

Kind regards,

**Jan Rohrbacher**  
Managing Director  
Alliance Healthcare s. r. o.
